AR Statement Processing

At A Glance

Benefits

- Advance Manageability
- Increase Efficiency
- Maximize Profitability

Functionality

- Outsource your monthly AR statement mailings
- On demand statement processing
- Continue to receive and control patient payments

“VFI does a terrific job. The cost to pay someone to print, fold, stuff, seal and stamp is much greater than VFI’s cost. It’s a great value!”

Peter Daprile,
Salisbury Pharmacy
Salsbury, CT

Overview

Pharmacists are busy filling prescriptions, providing exceptional customer service, clarifying prescriptions with doctors and managing staff along with a myriad of other responsibilities. There is not enough time in the day to be concerned about such tedious tasks like mailing monthly invoices to your AR patients. Now you don’t have to!

Through an alliance with VFI Statement Processing, you can continue to differentiate your pharmacy by offering AR, while not having to worry about printing invoices, stuffing envelopes, applying postage and mailing statements. All you have to do is send VFI your statement information, and VFI will take care of your statement processing needs.

Maximize Profitability

Have you ever totaled the cost of sending out statements?

Cost Justification:

Invoice and envelope	=\$.10
Return Envelope	= .05
Toner Cartridge	= .02
Labor (3 minutes at \$8 per hour)	= .40
Postage	= .41
TOTAL	=\$.98

At \$0.62 per statement, how can you lose?

About McKesson Pharmacy Systems

With a wide array of unique pharmacy solutions that provide superior performance, functionality, and world-class support, our complete portfolio of flexible solutions can aid your entire operation. Depending on your individual business needs, you can choose a pharmacy management system along with its underlying platform that will best address your key performance drivers. Additionally, you can incorporate supplemental modules for a truly customized arrangement. Our cutting-edge technology solves the needs of community, chain, hospital, clinic, and long-term care pharmacies in all 50 states.

Advance Manageability

Instead of printing your AR statements, you will simply email your AR statement file to VFI Statement Processing. When VFI receives your file:

- Addresses are bar-coded to meet postal regulations
- Addresses are automatically checked for errors and inconsistencies
- Statements are mailed first class with a return envelope

You will continue to receive your customer’s check remittance. Now you don’t have to deal with the tedious task of printing and mailing the statements.

Increase Efficiency

Since you no longer have to print, stuff and mail monthly AR statements, your staff can work on other, more pressing tasks. Not only will you save money, but your staff will be thankful as well.
